UPPER GRAND DISTRICT SCHOOL BOARD

INTERNATIONAL STUDENT PROGRAM

Upper Grand Is Unique!

The UGDSB offices and all of our schools are within driving distance to Toronto Pearson International Airport, the largest and busiest airport in Canada. More than 60 airlines fly into Toronto and there are daily non-stop flights to and from many of the world's major cities – with Frankfurt, Madrid, Mexico City, Cancun and 180 other destinations among them.

Our area is a hub for learning, with one of Canada's top twenty universities located in our district. The University of Guelph was founded in 1852 as an agricultural school. In 1964, the school amalgamated with two other colleges to become the University of Guelph. U of G is well recognized for its commitment to student learning and innovative research and renowned for its agriculture and science programs. (The University of Guelph designed the "alpha particle X-ray spectrometer" (APXS) that is mounted on the arm of Curiosity – the NASA rover that touched down on Mars in August 2012.)

There are four other universities within a short distance of Guelph – University of Waterloo, Wilfrid Laurier University, McMaster University and University of Toronto – as well as two world-renowned research facilities, the Perimeter Institute for Theoretical Physics and the Institute for Quantum Computing.

The Upper Grand District School Board's International Student Program offers an academic experience and home life from beginning to end, with caring and supportive homestay families playing an integral role in the student's daily life.

Why UGDSB?

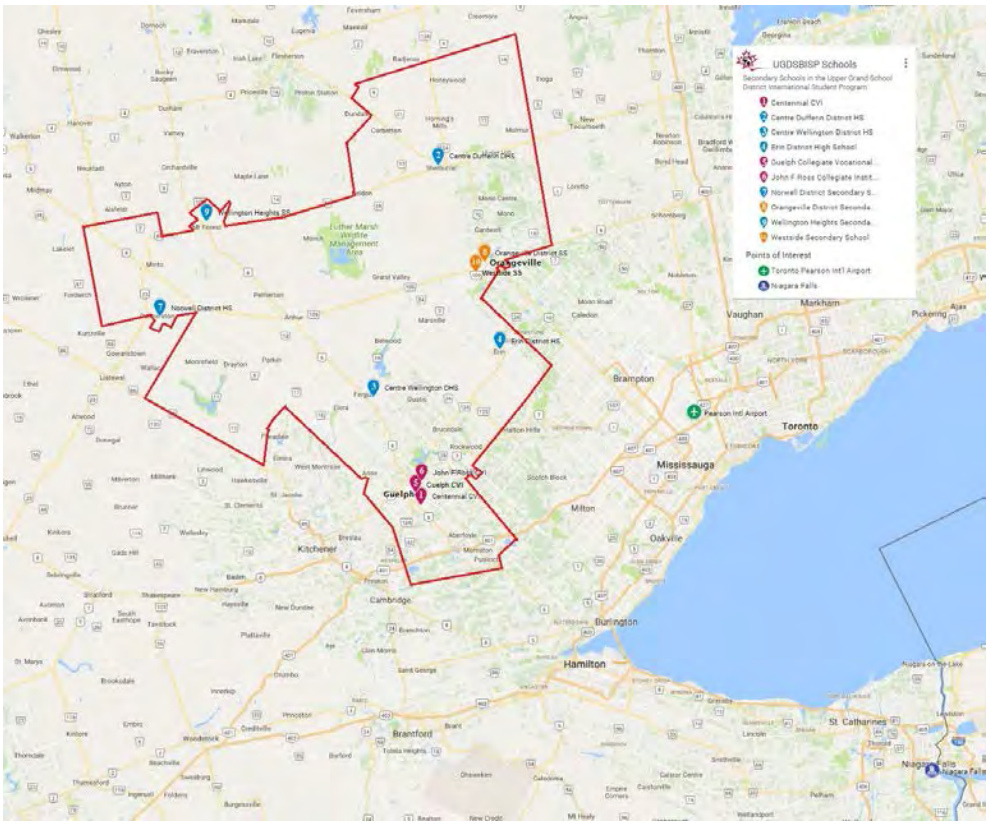

- Guelph, Wellington County and Dufferin County offer students a safe, vibrant and exciting region to live in
- 95% of the students in the Upper Grand have English as their native language
- For most of our students, a direct flight to Toronto International Airport
- We have both urban and rural areas
- Rich ESL support
- Timetables are made ahead of time
- An amazing orientation program
- Vibrant and strong academic education
- Award winning educators
- Special programs – Arts, Environment, Business, Hockey
- Schools with AP & IB programs
- ISP lead in each school
- Professional student supports
- ISP trips
- Extra curricular activities in all schools
- Keep Me Safe Program

CANADA

OUR DISTRICT

CENTENNIAL
Collegiate Vocational Institute

Overview

As the name "Centennial" indicates, our school was opened in 1967 with the motto "Success Through Hard Work". Centennial CVI is the southernmost secondary school in the Upper Grand District School Board and offers a full program of academic, arts, athletics, business and technological studies programs. Our proximity to the University of Guelph contributes to the high standards and academic focus that our parent community expects.

Staff and students at Centennial not only strive for scholarship but also emphasize social responsibility, community involvement and respect for other persons.

GUELPH
Collegiate Vocational Institute

Overview

Guelph Collegiate Vocational Institute has been educating students for more than 160 years and claims a unique and longstanding heritage as the oldest high school in the city of Guelph. Proud of our traditions and our diversity, while continuing to be innovative and engaging, the staff at GCVI seeks to support the goals and aspirations of every individual student. We foster the ability of each student to graduate with the tools to be a good person, a good citizen, a good employee and a lifelong learner.

Guelph Collegiate Vocational Institute is proud to be an International Baccalaureate World School.

The Mission of GCVI is to develop informed, engaged and responsible citizens of the local, national and global communities. These aspects of citizenship are achieved through social responsibility, academic rigor, environmental stewardship, intercultural understanding and the pursuit of positive relationships, health and well being.

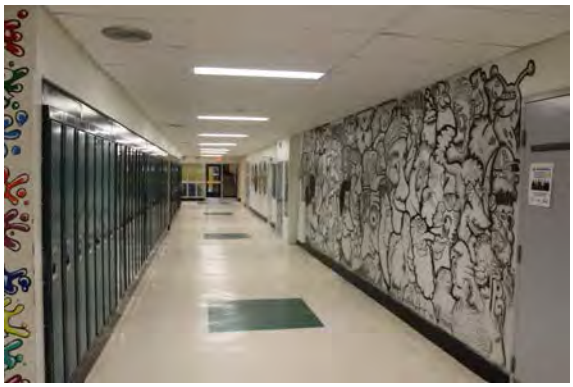

Facilities

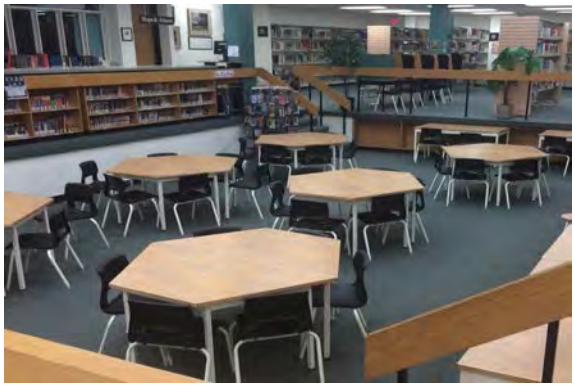

JOHN F. ROSS
Collegiate Vocational Institute

Overview

John F. Ross is located on the northeast outskirts of the city of Guelph. JFR has the highest enrollment in the Upper Grand District School Board due, in part, to its comprehensive English as a Second Language (ESL) program and French Immersion program. The school attracts a diverse student body from Guelph and the nearby rural communities of Eramosa and Rockwood. We provide a challenging and broad curriculum, and educators who recognize and support the abilities and goals of each student, while fostering intercultural understanding and the pursuit of positive relationships, health and wellbeing.

Instructional Hours: 9:05am - 3:20pm

The Mission of John F. Ross C.V.I. is a safe, respectful, and socially conscious environment and will inspire students to be engaged learners who understand other people and perspectives within a changing local and global community. Students will be challenged to become creative and analytical thinkers, effective communicators, and healthy individuals who achieve excellence within and beyond the classroom.

Facilities

ORANGEVILLE
District Secondary School

Overview

Orangeville District Secondary School (ODSS) is located in the beautiful town of Orangeville. The school has been operating for more than 125 years! Our staff works to ensure that students graduate from high school with all of the skills they need to go on to college or university, or to enter the workforce and begin the career of their choice. In choosing from a broad academic curriculum, students can also prepare for university by taking a college--credit course as part of their ODSS high school experience.

Special Programs

MADE provides students with opportunities to develop individual and group creative process through the Ontario Curriculum, the teaching team, and workshops with professional artists.
http://urbanartsguelph.wixsite.com/made

The Da Vinci Arts and Science Community and Environmental Leadership Program is a unique, 4-credit-interdisciplinary program which explores art and science through hands-on, experiential learning at the J.C. Taylor Nature Centre in the arboretum at the University of Guelph.
https://www.thedavinciprogram.ca

Beyond Borders offers an opportunity for all enthusiastic and community-minded grade 12 students to enjoy a unique semester that will truly prepare them for the future. The program focuses on leadership development, business, math, global development and sustainability, with an emphasis on team-building, skill development, and experiential learning.
https://www.beyondborders1.ca

CELP is a 4 credit environmental leadership program. As a community of 24, students have a fall canoe or winter snowshoe trip, teach grade fives, take their English, Civics and Careers courses in the context of environmental issues and form lasting friendships over community meals.
https://www.ugdsb.ca/programs/environment/student-environmental-leadership-programs/

AP courses help students prepare for the rigors of the Advanced Placement exams. The grade on this AP exam determines whether the student receives advanced placement or transfer credits at Canadian universities.
