SCHOOL: TRSS

DATE: September 2026

Everyone at our school is committed to making our school a safe, inclusive and equitable environment for all. We treat each other with respect and we will refuse to tolerate inequities in any form at our school. We know that a “whole-school” approach where all stakeholders are involved in supporting our students helps create and maintain a positive school climate.

Definition of Bullying

“Bullying” means aggressive and typically repeated behaviour by a student where,

1. The behavior is intended by the student to have the effect of, or the student ought to know that the behavior would be likely to have the effect of,
 - causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual’s reputation or harm to the individual’s property, or
 - creating a negative environment at a school for another individual, and
2. The behavior occurs in a context where there is a real or perceived power imbalance between the student and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or special education needs.

Bullying takes different forms of contexts with age. It can be physical, verbal, social/emotional or through electronic means (cyber-bullying). Bystanders contribute to bullying by doing nothing to prevent it or become actively involved in supporting it.

“Cyberbullying” includes electronic communication that:

- Is used to upset, threaten or embarrass another person.
- Uses email, cell phones, text messages and social media sites to threaten, harass, embarrass, socially exclude or damage reputations and friendships.
- includes put downs, insults and can also involve spreading rumors, sharing private information, photos or videos or threatening to harm someone.

Examples of Bullying

- **PHYSICAL AGGRESSION:** e.g., hitting, pushing, stealing, damaging property
- **VERBAL AGGRESSION:** e.g., insults, threats, taunting someone in a hurtful way, name calling, making sexist, racist or homophobic comments
- **SOCIAL OR RELATIONAL AGGRESSION:** e.g., spreading rumors about someone, excluding someone, gossiping
- **ELECTRONIC (Cyberbullying):** e.g., spreading rumors and/or hurtful comments through the use of email, cell phones (texts) or on social media.

Bullying Prevention and Human Rights Strategies, Education Programs/Activities

Note: Our Bullying Prevention and Equity & Inclusive goal(s) are determined after analysis of the results of our school climate (WHY) survey.

School Bullying Prevention and Human Rights Goals(s):

1.) Next Step:

Set TRSS vision, mission, and core values for the next 3-4 year period.

In what ways will this step disrupt or decrease colonization, racism and/or oppression?

- Sets expectations and allows for accountability
- Staff and students

2.) Next Step:

Provide Professional Development for all staff:

- Equity in grading
- Implicit bias
- Sensitivity training

In what ways will this step disrupt or decrease colonization, racism and/or oppression?

- Revisit staff practices in assessment and grading
- Encourages shift away from past practices
- Increases awareness of our own bias and microaggressions
- All of this learning has a positive impact on all students, especially those in the margins.

3.) Next Step:

Make the school more welcoming and safe by deliberately changing the school's physical space by prioritizing areas as identified by students and visitors to the building.

In what ways will this step disrupt or decrease colonization, racism and/or oppression?

Students, staff and visitors must feel safe and welcome.

4.) Next Step:

Amplify the voices of students in the margins through planned and purposeful opportunities such as affinity groups, direct involvement in the equity accountability audit, and student leadership.

In what ways will this step disrupt or decrease colonization, racism and/or oppression?

If student voices and experiences are truly valued, we must create meaningful opportunities for students to share and lead.

When responding to a bullying incident, our school staff uses a progressive discipline approach. Strategies may range from early intervention to more intensive intervention in cases of persistent bullying, with possible referral to board support personnel, community or social service agencies.

These may include but are not limited to:

- Well-Being strategies and programs;
- providing students with the opportunity to learn life skills such as conflict resolution, anger management and communication skills;
- collaborative problem solving;
- utilizing models based on the concepts of peer mediation;
- documenting incidents requiring disciplinary measures;
- use of progressive discipline and consideration of mitigating factors;
- ensuring that contact is made with the parent(s)/guardian(s) of students, under the age of 18, early in the disciplinary process and involving them in a plan to improve the behaviour;
- CYC support
- referral to outside agencies (e.g., CMHA, DCAFS)
- restorative justice practices (e.g., written or verbal apology, community service)
