AI @ UGDSB
OUR APPROACH

OUR VISION:
We use AI to support learning, not replace people.
We focus on: Student Success, Ethical Use, and Safe and Inclusive Learning

OUR FRAMEWORK

We focus on AI literacy first.
Before adopting tools, we build:

- Understanding
- Skills
- Confidence

HOW WE'RE DOING THIS

- Staff Readiness: Training and learning for all staff
- Student Voice: Students help shape our approach
- Rigorous Vetting: Tools are reviewed for safety and privacy
- Thoughtful Tool Use: We pilot tools that support learning goals
- Family Engagement: We keep families informed and involved

SAFE & ETHICAL USE

- Privacy First: Protect all personal information
- Human Oversight: People guide decisions, not AI
- Addressing Bias: We check for fairness and accuracy
- Environmental Responsibility: We consider AI's environmental impact

Benefits for Students

Future-Ready Skills: Students learn to use AI responsibly

Personalized Learning: Support that meets each student's needs

Removing Barriers:
Tools that improve access and inclusion

Our Commitment

We are preparing students to navigate a changing world with confidence, care, and critical thinking.
