From the Principal's Desk

We are now in the final month of the 2025-26 school year! This year has been full of engaging learning opportunities for students, but we are not done yet! Thanks to the work of staff and parent volunteers working bingos on behalf of School Council a number of opportunities have been booked that would not be possible without these funds. Our primary classes will enjoy a CK Recreation Play Rangers visit. All classes will be going bowling, having lacrosse instruction, an art session with Thames Art Gallery Artists, and a workshop with Sheep Dog Animation. On top of this, School Council will also be paying for a school wide Subway lunch and some frozen treats in June. Additionally, School Council funds significantly lowered the cost of field trips for students this year. Our bingo earnings directly benefit students, so if you are looking for a way to get involved or help the school, consider School Council or working a bingo! We are grateful for all the opportunities that have been provided this year!

Area and District Track & Field Meets are this month for those who qualify. Competitors will need transportation to and from the meets held a CKSS. Students who qualify will be bringing information home.

Students have been hard at work learning their lines for this year's play *The Great Library of Wonders*. Everyone is looking forward to the performance on June 11 at 6:00pm, doors open at 5:50pm.

Report cards will be coming home with students on June 25th. Along with this will be information about **tentative** class placement for the fall. It is important to realize that shifts in enrollment over the summer can lead to changes in class placement in September.

We will also be wishing our 2026 graduates all the best in their future academic endeavours. Grade 8 Graduation will be held on Thursday, June 18th.

Important & Up Coming Dates:
